

Log into your Tutor.com account to connect with a tutor for feedback in real time with a **Live Session** or submit your work to Tutor.com's **Drop-o Review** service. Where you are in the writing process will determine the best and most effective option for you.

A Live Session will give you the best results.

Connect with a tutor to:

- discuss ideas that will form the content of your essay;
- work through questions to gain a better understanding of your subject; and
- research credible sources and gather information.

Helpful Hint:

As you work with your tutor, share all of the information that you have on your assignment to help ensure a productive tutoring session.

We recommend a Live Session, but you can also choose Drop-O .

Your tutor will help you to:

organize your thoughts and ideas and develop a clear plan for your essay.

Helpful Hint:

A Live Session works best if you have questions about organizing your essay. If you need feedback on a draft or outline, you can choose either option! For Drop-o , indicate whether you will be turning in an outline as its own assignment or if you would simply like feedback before you start drafting your essay.

Choose a Live Session OR Drop-O Review.

Your tutor will help you to:

- compose a strong thesis statement and a sound conclusion;
- create unified, cohesive paragraphs in the body of your essay; and
- guide your revisions as you work on your next draft or final version.
